

LISTEN TO THE BIRDS!

- **Genesis 1:20-23**
- **Job 12:7-10**

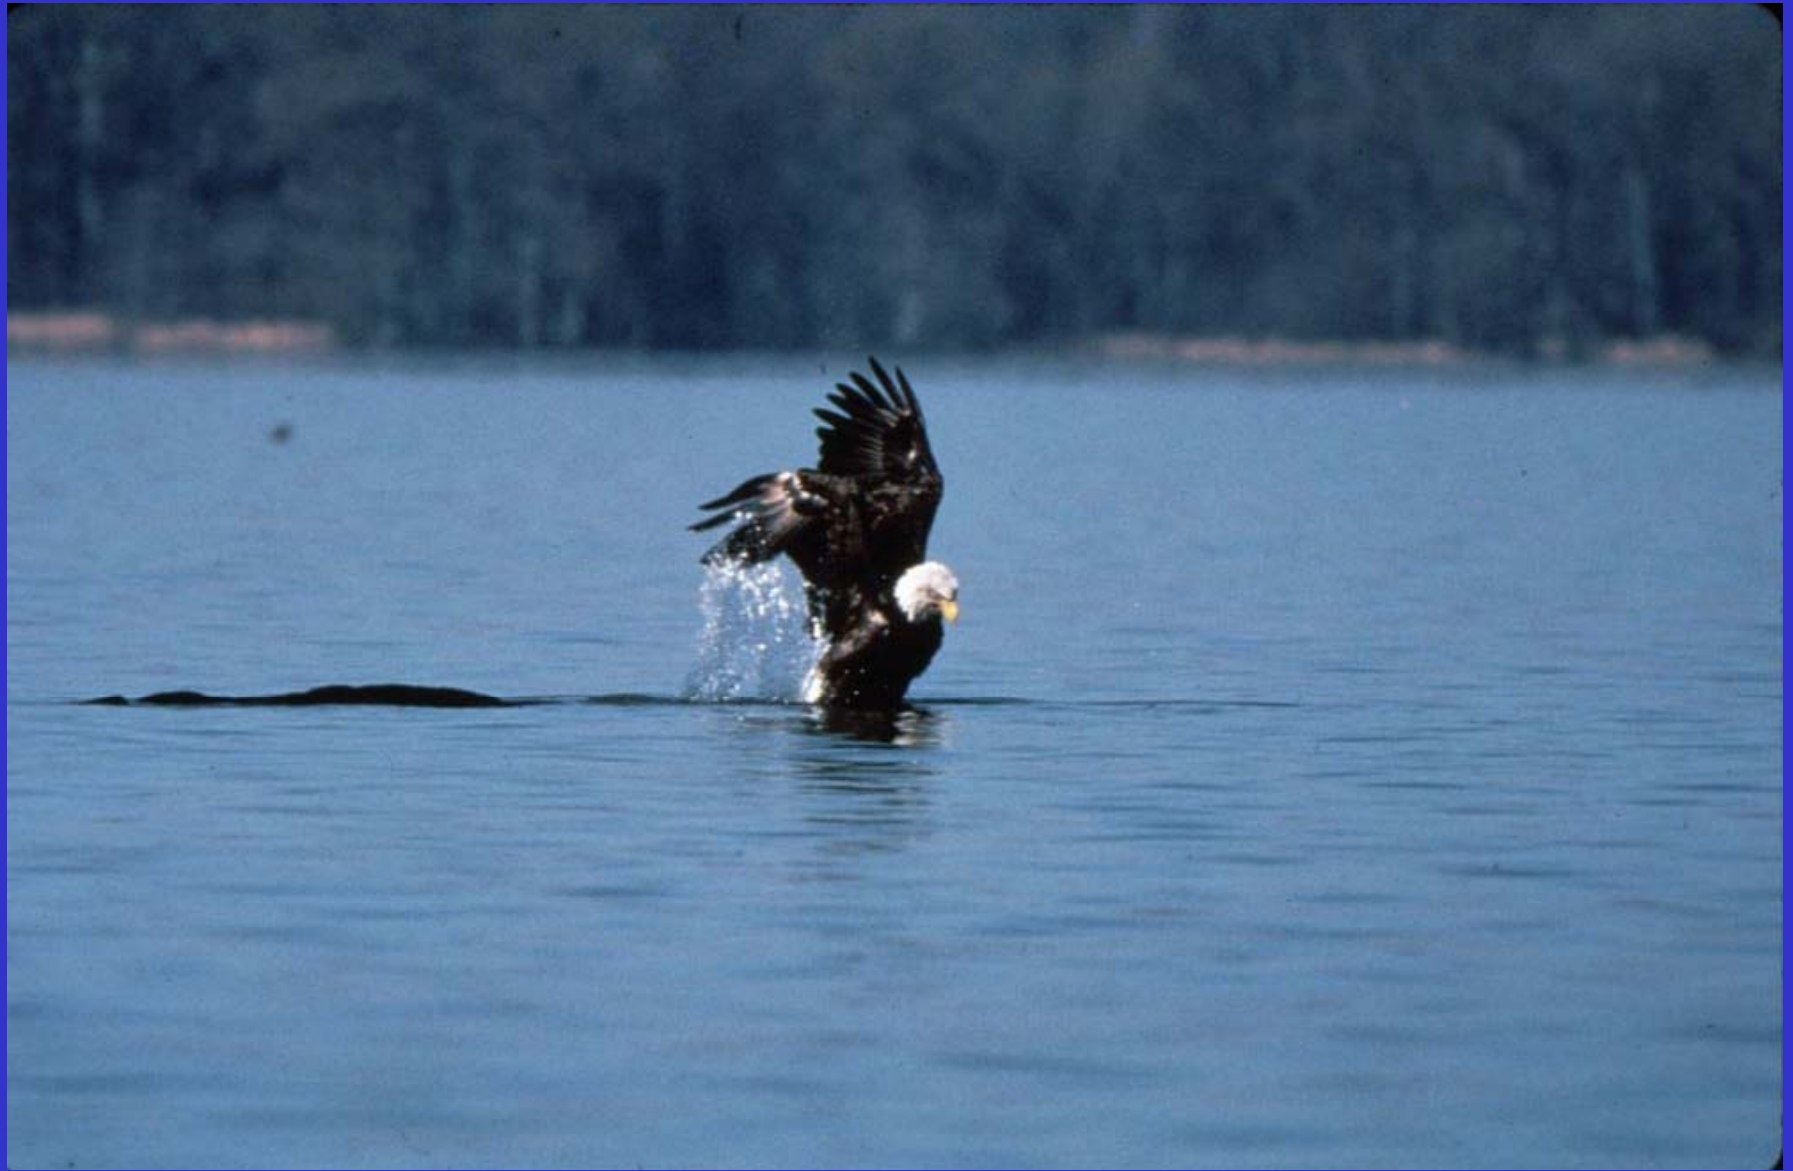

LISTEN TO THE BIRDS!

Who taught them these things?

Who provides them with food?

Luke 12:24

Quote From Noted Wildlife Artist and Friend

“As you examine and magnify one of my paintings, you eventually see flaws in the strokes of my paintbrush. When you examine a feather of a cardinal, it does not matter how close or how much you magnify the feather, you see no flaws!”

Ray Harm, October 2007

GOOD SCIENCE

- Observable and Reproducible
- The Choices we have when we look at animals:
 - **Learned Behavior (ability to learn provided by God)**
 - **Chance (came into being by Evolution)**
 - **Instinct & Intelligence provided by God**
- We can use good science, even if it is completed by evolutionists, to see God

LISTEN TO THE BIRDS!

Job 12:7-10

*Are these evidences of chance or
of an awesome and powerful
God?*
